

A suggestion for you with my YouTube instructional videos:

You may want to turn on the captioning (press the CC button at the bottom) and you can also change the playback speed to a faster one, if you find I'm speaking too slowly. Press the gear button (settings) to change the playback speed.

**Section 4.6 videos** (Wednesday, April 8) – for use with my fill-in-the-blank notes in MyLab Math, under the Class Notes Section.

NOTE: these notes have been revised from before spring break. If you printed them out from before spring break, you'll need to print out the revised copy.
